

IMAGE QUALITY SPECIALIST (REMOTE / EU-FRIENDLY TIMEZONE)

About Perfectly Clear

Perfectly Clear is a dynamic, small, and growing profitable technology company founded in Calgary, AB Canada, however our remote-first, diverse team of 35 is located around the world. We're recognized as a world leader in the digital imaging industry, where we license our automatic photo correction technology, Perfectly Clear, to businesses around the world. We license enterprise-level software packages that bring cost saving and new revenue streams to our customers.

The Challenge Ahead:

We're looking for a talented and experienced **Image Quality Specialist** to join our AI-powered photo enhancement team. You'll work at the intersection of photography, image analysis, and machine learning to help shape the future of automated photo processing. This position is 100% remote.

Responsibilities:

- Review client image sets and evaluate output quality
- Create and fine-tune visual presets tailored to client needs
- Collaborate closely with the ML team to improve and validate model performance
- Curate, structure, and manage datasets for training and testing
- Score and annotate outputs to guide model training
- Analyze image defects, edge cases, and patterns across large volumes of data
- Help drive innovation by providing feedback on tools and experimental features
- Act as a public advocate for Perfectly Clear

What We're Looking For:

- 5+ years of experience in photography (studio, retouching, post-processing, or related)
- 2+ years of experience working in or with development teams (AI, imaging, or related tech)
- Strong visual taste and attention to detail
- Good understanding of image quality attributes (color, exposure, skin tones, etc.)
- Confident user of Adobe Photoshop, Lightroom, and other professional editing tools
- Experience working with Jira or similar project/task management systems
- Comfortable working with large image datasets and structured feedback loops
- Intermediate verbal and written English language skills: intermediate to upper-intermediate (B1–B2+)
- Excellent verbal Russian language skills: native or advanced (C1–C2)
- Quick learner with a flexible mindset — each new task may require fresh knowledge, experimentation, and a creative approach
- Bonus: experience with AI-powered tools

Why Join Perfectly Clear:

- Be part of an innovative team building the future of automated photo editing
- Work remotely with flexible hours and a friendly, collaborative culture
- Make an impact on tools used by millions of end-users through B2B solutions
